**Subject:** Re: Dimock - Data Management

Suda,

Stephanie and I discussed data management for Dimock and we want to make sure TechLaw has a data manager for this project. From my discussions with Rich, Stephanie, and Gary it does not appear you should be the data manager since you are the overall manager. Of course I will be helping with data management.

If you are working today, give me a call before the game. If not, I'll call you tomorrow.

Hi John,

I was informed that you will be helping with the data management for the Dimock project. Please feel free to give me a call anytime to discuss our current data management status as well as any future plans you may have. My cell number is listed below.

Thanks,

Suddha Graves
